

TidyBot Strata Cleaning

A Smarter, More Reliable Way to Keep Your Building Clean

TidyBot is a **professional strata cleaning service enhanced by cleaning robots**. You still get a full human cleaning team — the robots simply handle the repetitive work so the building receives **higher consistency at a lower cost**.

WHY OWNERS CHOOSE TIDYBOT

Consistent Clean Every Day

Robots operate on a fixed schedule, ensuring hallways and common areas stay clean throughout the week.

Lower Strata Costs

Automation reduces labour hours, delivering savings without reducing service quality. Over 90% cost reduction on floor care.

Full-Service Human Team

Our team still handles bins, lifts, spot cleaning, and all other tasks. Robots handle the floors, humans handle everything else.

Weekly Cleaning Reports

Every clean is monitored in real-time with time-stamped data and photos included in weekly reports, giving your committee full transparency and proof of service.

Quiet & Resident-Friendly

TidyBot robots are designed to operate quietly and safely in shared residential buildings, with a compact floor-by-floor setup that keeps common areas clear and accessible.

WHAT'S ON OFFER TO GET STARTED

LIMITED OFFER

Free 4-Week Trial

No lock-in contracts. No obligations. See the savings, quality and reliability firsthand before making any decision.

THE TRIAL INCLUDES

Owners can see the results firsthand before making any decision about the wider building.

WHAT OUR CLIENTS SAY

“

TidyBot keeps our hallways clean every day. It's quiet, reliable, and the building feels so much nicer to come home to.

Zohreh K
Resident, Homebush

“

The idea of using robots with the help of TidyBot helped take the cleaning to a whole new level.

Emmanuel M
Strata Cleaner, Homebush

“

Clean hallways were always a challenge in our building, and now with TidyBot the floors are consistently clean, with no build-up over the week.

Diane R
Resident, Kogarah
